To many Americans, the name Steve Nelson is synonymous with the struggle for a democratic Spain and a progressive America.

In Spain, that struggle was temporarily defeated when Franco prevailed with men and arms from Hitler and Mussolini. But it was never extinguished. Today it embraces the vast majority of the Spanish people who are determined to end the fascist Franco regime, and to institute a democratic government.

Here, in the United States, thousands of democratically-minded Americans have supported the continuing efforts of Steve Nelson and the Veterans of the Abraham Lincoln Brigade to aid the Spanish people achieve their coming victory. In these efforts, Steve's confidence, calmness and humanity have been inspirations to all.

In the 30's, our slogan was "No Pasaran." Today, as we celebrate the Brigade's 38th Anniversary, it is "Spain must be free!"

To that end, this birthday celebration is dedicated.
